

FACILITY SUPPLIES

PURELL BODY FLUID SPILL KIT

Kit comes with two single-use refills that feature head-to-toe protection and clean-up products that safely remove body fluid spills.

- Not “just” a blood-borne pathogen kit - but designed for vomit, urine, feces, and blood spills.
- PURELL® Foodservice Surface Sanitizer is effective against Norovirus, HIV, Hepatitis B and C, E. coli, and Salmonella in 30 seconds
- Contains bilingual step-by-step instructions
- OSHA and Food Code compliant
- Has a 3-year shelf life

Kit contains:

- PURELL® Foodservice Surface Sanitizer (8 fl oz)
- PURELL SINGLES® Hand Sanitizer
- OSHA Kits.com Absorbent Powder
- Heavy-Duty Scraper and Dustpan
- Head-to-toe personal protection kit
- Three Medical-Grade Absorbent Towels
- Two Large Black Trash Bags With Ties
- Bilingual Instructions Guide

A Perfect Fit for Almost Any Market

- Restaurants, Grocery, C-Stores, Cafeterias
- Non-Food Retail
- Education
- Government
- Manufacturing / Industrial
- Transportation
- Building Service Contractors
