

MICROWAVABLE HINGED CONTAINER

Supplyways® Mineral-Filled Polypropylene (MFPP) Hinged Containers are a durable and convenient choice for food service to-go operations. Available in six versatile sizes with single or multi-compartment designs, they cater to a wide range of packaging needs. Suitable for hot or cold foods, these containers ensure reliability and freshness for takeout or delivery.

Key Features:

- Microwaveable for easy reheating.
- Grease and leak resistant for secure travel.
- Hinged snap lock lids for a tight closure.
- Multiple sizes to accommodate a variety of portion needs.
